PROFILE SUMMARY

Front End Developer proficient in HTML, CSS, JavaScript, and React. Skilled in creating responsive and user-friendly web applications. With a strong foundation in front end development, I am dedicated to delivering high-quality code and optimizing user experiences. Eager to contribute my expertise to innovative projects in a collaborative team environment..

PROJECT

Main Project

AMAZON CLONE

(HTML, CSS, Javascript)

Project Description: Developed a fully functional Amazon clone website using HTML, CSS, and JavaScript to replicate the core features and layout of the Amazon e-commerce platform.

Mini Project

(HTML, CSS, Javascript, React)

Project Description: Created a portfolio of mini projects in React:

1. Developed a versatile Card Component for displaying dynamic content.
2. Designed a Color Flipper app to generate random colors with each click.
3. Crafted a Form Creation project utilizing controlled components for user input.
4. Implemented onChange event handlers for real-time updates in input fields.
5. Demonstrated proficiency in React, showcasing skills in component creation, state management, and event handling

SOFT SKILLS

1. **Communication:** Effective communication to facilitate collaboration and understanding.
2. **Teamwork:** Strong team player with a history of successful group contributions.
3. **Adaptability:** Quick to adjust and thrive in changing environments.
4. **Problem-Solving:** Proactive in identifying and resolving complex issues.
